## NORBCC

### MISSION

The mission of the New Orleans Black Chamber of Commerce (NORBCC) is to support, promote, and educate our members for sustainable growth and expansion. Also, to empower and sustain the African-American business community through entrepreneurship and economic activity in the greater New Orleans region and global economy as a whole.

The NORBCC is focused on promoting inclusivity and awareness of the opportunities for local small and emerging minority-owned businesses within our 10-parish region of Orleans, Jefferson, St. Tammany, Tangipahoa, St. Bernard, Washington, St. John, St. James, St. Charles, and Plaquemine. Through our outreach efforts and programs, we work to connect the local business community by communicating policy updates, contracting opportunities, financial assistance, and educational courses focused on strengthening this viability of our minority business community.

### VISION

The New Orleans Regional Black Chamber of Commerce (NORBCC) advocates to influence and sustain the economic viability of Black businesses and our community.

# A MESSAGE FROM OUR BOARD CHAIR

**Krista Pouncy-Dyson**  
*Board Chair*

Dear NORBCC Members:

What a year! It is hard to believe 20 months have passed since the pandemic. Yet, the New Orleans Regional Black Chamber of Commerce (NORBCC) did not slow in its effort to serve as your best advocate for growth and recovery. Despite the continuing challenges of COVID-19 and Hurricane Ida, our Board of Directors and dedicated staff proved steadfast in our mission to serve you with advocacy, resources, educations, and programming.

As your regional chamber of commerce, we see it as our absolute mission to be forward-thinking leaders who provide practical responses to local and regional needs. As the Chair for the past year, I am proud of the performance outlined in the pages of this year's Annual Report. You will see that we are committed to advocacy, member services, civic engagement, regional collaboration, and tireless efforts to impact Black business across the region.

Our work is fueled by the support of our corporate partners, volunteers, and members. Thank you for your continued investment in NORBCC. It is your collaboration, partnership, and leadership that empower us to do good and serve well.

None of this would be possible without our committed staff, ever-involved Board of Directors, and the support of members and community, who supported us and helped us move forward this year. As a result, the New Orleans Regional Black Chamber of Commerce (NORBCC) is proud to share its "Annual Report" with you. And, with this report, we set a new par for our next year's achievement.

***NORBCC continues to be a resource and a voice for Black businesses.***

SBA representatives will meet with each business owner to explain how an SBA disaster loan can help finance their recovery. They will answer questions about SBA's disaster loan program, explain the application process and help each business owner complete their electronic loan application.

According to State Director Carla Holland, Louisiana Small Business Development Center business advisors at the center will provide business assistance to clients on a wide variety of matters designed to help small business owners re-establish their operations, overcome the effects of the disaster and plan for their future. "Services include assessing business working capital needs, evaluating the business' strength, cash flow projections, and most importantly, a review of options with the business owner to help them evaluate their alternatives and make decisions that are appropriate for their situation," said Holland.

Businesses of any size and private, nonprofit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. These loans cover losses that are not fully covered by insurance or other recoveries.

For small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and most private, nonprofit organizations of any size, SBA offers Economic Injury Disaster Loans to help

## Providing Vital Resources When They're Needed Most

The NORBCC was in contact with our members on a daily basis during the aftermath of Hurricane Ida. Together with several experts from the insurance industry, and an attorney from a prestigious local law firm, we held a virtual seminar educating about the do's and don'ts concerning Hurricane Ida insurance claims.

## A Voice For Our Community

As a voice for Black businesses throughout the New Orleans area, NORBCC makes it a point to be a part of the conversation regarding current events. We regularly formulate Op-Eds that express the opinions of the organization, while informing our members and the community as a whole.

The NORBCC conveyed our disappointment in learning that Donald Rouse, Sr., co-owner of the grocery chain Rouses Market, participated in the treasonous rally that led to the attack on our nation's Capitol.
- **Applauds The New Orleans City Council**  
We applauded the City Council for taking a stance in support of local Black-owned media companies.
- **COVID, Vaccines, & National Immunization**  
Partnering with the *All Of Us* Research Program, we hosted a virtual event to answer some of the questions about the COVID-19 vaccine. Having our City's residents vaccinated is paramount in revitalizing our local economy.
